CENTURA TERMS AND CONDITIONS OF SALE

- These are the only terms and conditions applicable to this sale. There are no oral or collateral representations.
- All shipping dates are approximate. Centura's ability to meet shipping dates is contingent on Centura being able to obtain necessary materials and supplies. Centura shall not be responsible for delays or defaults beyond its sole control including acts of God, labour difficulties or failure by Centura's suppliers to deliver materials and supplies to Centura. Centura shall not be liable to compensate its customers for such delays or defaults.
- All prices are F.O.B. Centura London/Windsor
- All orders are subject to be tagged with the general contractor name & jobsite address. The recipient of the goods described in these documents by signing for same hereby certified that such goods are purchased solely for the project indicated and will be taken to and incorporated in such project.
- Prices are subject to change without notice. Centura's prices are based on its costs at the date of this invoice. If Centura incurs increased costs because of taxes, duties, legislative changes, freight rate increases, raw material cost increases, or other cost increases beyond Centura's sole control, Centura will advise the customer of the increased costs which too will be the customer's responsibility.
- Centura's prices are based on the quantities specified in its quotation and invoice. Terms are net thirty (30) days
- Any discrepancy in pricing, quantities or quality shipped must be brought to the attention of Centura's credit department in writing within thirty (30) days from the date of the invoice. No request for adjustment will be accepted after thirty (30) days. The decision of Centura shall be final and binding.
- Two (2) percent interest per month or twenty four (24) percent annually will be charged on all overdue accounts
- Shipments to dealers awaiting credit approval will be made on a C.O.D. basis.
- All materials are sold at Centura's London/Windsor warehouses and whether or not Centura prepays the shipping charges, Centura's liability for condition of the goods ceases when Centura obtains a receipt from the carrier and the shipment becomes the property of the buyer.
- Installation conditions and procedures are beyond Centura's control and Centura cannot accept any responsibility for chipping, cracking, crazing, shading or loosening from the setting bed of any products.
- Title to all goods remains in the name of Centura until paid for. Centura shall have the right to enter any premises where such goods are located in order to recover possessions in the event of non-payment.
- Orders stored more than 60 days will be charged storage fees: $50 per skid/roll.

CLAIMS POLICY

- The customer is responsible for inspection & acceptance of materials on arrival. No claims will be accepted for installed materials, installation or workmanship if wrong product is installed. No claim will be accepted by anyone other than the original purchaser.
- All complaints must be brought to the attention of Centura's sales department in writing within thirty (30) days of the date of the invoice.
- Any complaint made after thirty (30) days of the receipt of Centura's product shall be deemed to be complaint without merit. At the same time that a complaint is made, the customer must list with specificity all complaints and provide such list of complaints immediately to Centura with photographic or videographic evidence. In the event of any complaint, Centura's product shall be kept by the customer in the same state as it was received by the customer. Under no circumstances are Centura's products to be returned to Centura without Centura's written consent.
- Custom orders cannot be cancelled
- All complaints must be first inspected by the dealer.
- Claims will not be considered on material which has been cut or installed with visible defects.
- Shading is inherent in all ceramic porcelain products. Tiles should be examined prior to installation. No claims for shading will be allowed after installation.
- Material sold as seconds, utility, economy, damaged, clearance, or such similar words are purchased as is.
- Matting, crushing, shading, soiling and improper installation will not be considered for price adjustment and or replacement.
- Tuft pulling or missing tufts will not be considered for price adjustment other than for reinserting tufts.
- Identical matching of colour in subsequent dye batches is not possible and a normal difference from original samples is to be expected. Centura shall not be liable for any damages for such differences.
- Centura does not guarantee side matching on any patterned carpets. Carpets should be dry-laid as a check on pattern run out.
- Materials that are being cemented directly to a floor or wall should be carefully inspected for flaws. Claims for replacement will not be considered after material has been cut and installed.

- In no event shall the total amount of Centura's liability for damages, losses, or claims of any kind whatsoever to the customer, for any reason exceed the total amount of money paid by the customer to Centura in respect of this invoice.
- In the event of a dispute between Centura and the customer, Centura and the customer attorn to the exclusive jurisdiction to the courts of the Province of Ontario. These terms and conditions will be governed by and interpreted in accordance with the laws of the Province of Ontario.

RETURN OF MERCHANDISE

- Return authorization will be void after 30 days from date of issue.
- Returns must be itemized showing the name of the material, invoice number, and the reason for returning same. No returns are permitted unless agreed by Centura.
- Dyelot must be in current stock
- Centura will accept only full, sealed and unopened cartons for returns that are undamaged and in saleable condition.
- Centura will not accept any returns on sale merchandise, seconds, mill runs, special order materials, adhesives, grouts, cut lengths of carpeting or sheet vinyl, Forbo roll goods or large panel tiles.
- Centura will not accept any returns of tools or accessories that have been used. Tool or accessory use will be at the sole discretion of Centura Management.
- Invoices that are 0 – 30 days, 50% restocking, minimum $20
- Invoices that are 31 – 60 days, 70% restocking, minimum $50
- Items returned for exchange due to customer cancelling or change of product will incur a 15% restocking charge
- Credits issued for pricing due to Quotes not being given at time of order will incur a $ 50 charge
- ALL MATERIAL MUST BE RETURNED WITHIN 60 DAYS. No returns accepted after 60 days

47.25X7.85	$7.37 SF ($247.48 CTN)

ADHESIVE

SUSTAIN 1195 ADHESIVE – 1 GALLON	FOR11951G	$168.55 EA
SUSTAIN 1195 ADHESIVE – 4 GALLON	FOR11954G	$561.20 EA

Canadiana Allura Flex 0.55 is a versatile LVT flooring solution ideal for offices, residential spaces, and commercial ventures. This innovative design allows for easy installation, minimizing downtime.

These floors can be reused or recycled at the end of their lifespan, reflecting a commitment to the circular economy. Allura Flex floors consist of only functional layers, providing unmatched dimensional stability, strength, performance, and quality.

PLEASE NOTE: The bevel edges on the planks have what appears to be a saw cut visual, which is part of the design.

NOTES:
- Sold in 10' lengths only; available in colors listed above
- For additional sizes, contact us for pricing
- FlashCove base will be shipped in special shipping crates:
  - Orders of less than 1,000 LF (100 pcs) shipped in boxes (box size is 9" x 11" x 125")
  - Orders of 1,000-2,000 LF (100-200 pcs) shipped in small crates (crate size is 19" x 32" x 129"; 150 lbs)
  - Orders over 2,000 LF (200 pcs) shipped in large crates (large crate size is 30" x 32" x 129"; 250 lbs)
  - Shipping pallet (3' 0" x 10' 6") weighs 70 lbs
- FlashCove Prefabricated Base does not include ESD Vinyl Sheet, Flooring must be purchased separately.

ADHESIVES: Use same adhesive as flooring

RECOMMENDED EXCELSIOR ADHESIVES

DISCLAIMER: The adhesive recommendations on this page are general guidelines only.
Refer to each individual product's Technical Data Sheet for current, complete adhesive recommendations, warnings and cautions depending upon substrate and installation type before ordering adhesive or making formal recommendations.

NOTE: *All substrates must be approved for use with the adhesive and properly prepared per each individual adhesive product's Technical Data Sheet prior to adhesive installation.*

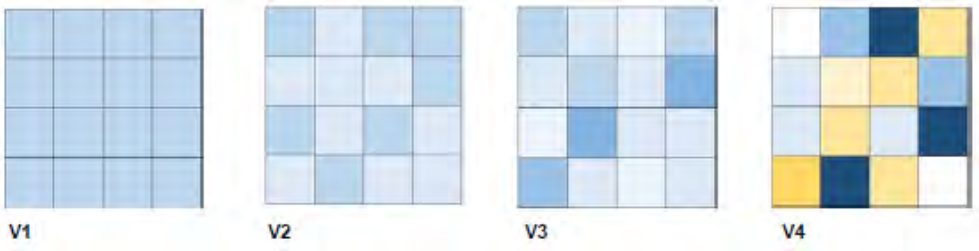
PEI/CLASS RATING

THIS CLASSIFICATION IS VALID FOR THE GIVEN APPLICATIONS IN NORMAL CONDITIONS.
THE FLOORS SHOULD BE ADEQUATELY PROTECTED AGAINST SCATCHING DIRT AT THE ENTRANCES TO BUILDINGS BY PROTECTIVE MATS.

CLASS 1		Floor coverings in areas that are walked on essentially with soft soled footwear or bare feet without scratching dirt (e.g. domestic bathrooms and bedrooms without direct access from outside).
CLASS 2		Floor coverings that are walked on by soft soles or normal footwear with, at the most, occasional small amounts of scratching (e.g. rooms in the living areas of homes but with the exception of kitchens, entrances, and other rooms which may have a lot of traffic).
CLASS 3		Floor coverings in areas that, the normal footwear are walked on more often with small amounts of scratching dirt (e.g. halls, kitchens, corridors, balconies, and terraces).
CLASS 4		Floor coverings that are walked on by regular traffic with some scratching dirt so that the conditions are more severe than PEI 3 (e.g. entrances, commercial kitchens, hotel, exhibition and sales rooms).
CLASS 5		Floor coverings that are subject to severe pedestrian traffic over sustained periods with some scratching dirt, so that the conditions are the most severe for which glazed floor tiles may be suitable (e.g. public areas such as shopping centers, airport concourses, hotel foyers, public walkways, and industrial applications).

SHADE VARIATION GUIDE



The colour shade or shades of all tile varies some degree from piece to piece, from each production run to run. At least several pieces from the same production run should be reviewed whenever possible to determine acceptable colour shade variations. Any questions or concerns about your tile selection should be clarified prior to installation.

V1	**Uniform Appearance**: Differences among pieces from the same production run are minimal.
V2	**Slight Variation**: Clearly distinguishable differences in texture and/or pattern within similar colours.
V3	**Moderate Variation**: While the colours present on a single piece of tile will be indicative of the colours to be expected on the other tiles, the amount of colours on each piece may vary significantly. For example “that little bit of colour” on one piece of tile may be the primary colour on the next piece.
V4	**Random Variation**: Random colour differences from tile to tile, so that one tile may have totally different colour from that on the other tiles. Thus, the final installation will be unique.
